Dear Mr. Lloyd:

On **March 25, 2010**, a complaint survey was conducted at Mountain View Center For Geriatric Psychiatry. The complaint allegations, findings, and conclusions are as follows:

Complaint #ID00004469

Allegation: There was mold in the facility.

Findings: An unannounced visit was made at the facility on March 25, 2010. Staff were interviewed and a complete tour of the facility was conducted.

On March 25, 2010 between the hours of 8:45 AM and 9:45 AM, a complete tour of the facility was conducted. All areas observed were found to be mold free. No foul odors were noted. The crawl space beneath the facility was also observed. The crawl space was dry and also did not have any foul odors. The Facility Administrator and Maintenance Engineer were interviewed during this time. They stated that the facility had undergone a renovation from the first week of November 2009 to the last week of November 2009. Freshly painted surfaces and new flooring material was noted by the Surveyor to be throughout the facility.

Conclusion: Unsubstantiated. Lack of sufficient evidence.
